

# Exit Options for Technology-Driven Doctors

Doctors of all ages and in all stages of their careers should be thinking about their retirement, and its impact on their practice, team, and patients. Learn how other technology doctors have navigated the diverse and complex exit and retirement options.

## SESSION OBJECTIVES

- Understand four primary exit options and what strategies support each option.
- Outline the industry dynamics that technology doctors are faced with in today's market.
- Provide insight on how technology doctors can maximize value at time of exit.
- Share perspective from doctors who recently went through the exit process.
- Q&A with experts with experience helping doctors think through exit options.

## ABOUT THE SPEAKER

Andrew Jones has over ten years of expertise in business development and private equity in dental. He has deep expertise in practice valuation, transitions and the dynamics transforming the dental industry. Andrew serves as the Chief Development Officer at Imagen Dental Partners. Before joining Imagen, he was with Young Innovations, a leading dental manufacturer, and Linden Capital Partners, a \$3 billion healthcare-focused private equity firm with several dental investments.
